* Depth shown include .75 in (1.5 cm) of foam base that fits between wheelchair back posts.

* Average product height is 4 in. (10.0 cm)

* Average product weight based on a 1RHY1817C cushion is 3.5 lbs. (1.5 kg).

NOTE: All measurements are approximate. Width and depth measurements are taken from the top of the foam base and are rounded to the nearest .25 in. or .5 cm. Cushion item numbers and cover tags indicate the wheelchair size the cushion is designed to fit. Due to ROHO rounding protocol, differences between sizes may vary.
