Optional Seating Accessory

Heavy Duty Cover
 Available in sizes 12" x 12" thru 22" x 22"
 * Specify cushion model and size

SIZE _____

Did you know if your client qualifies for a General Use wheelchair, Medicare will also allow a MOSAIC Cushion and Retroback Back Support System?

If your client qualifies for a skin protection or skin protection & positioning seat cushion, do they also need a full support surface for use while they are in bed? Are you aware many payers have the same or similar coverage criteria to qualify an individual for a Group I support surface as they do for skin protection or skin protection & positioning seat cushions? Group I & II Support Surface products are available through ROHO.

I recommend the above product for this client, contingent upon qualification from their funding organization. No substitutions for this product will be accepted without my written consent.
